

Scholarships and Grants

List compiled for Bay of Plenty Polytechnic students

Scholarships are one way of helping you meet fees, course-related costs and living expenses while you study. Exploring alternative financial options may help alleviate some of the burdens that can arise throughout study.

There is often a misconception that scholarships are only available to the “smartest” and “most talented”, but in some cases a scholarship can be gained simply by demonstrating a passionate and motivated attitude towards study and a determination to succeed. The criteria for scholarships and grants vary: **IT’S WORTHWHILE CHECKING WHAT’S OUT THERE!**

Many Bay of Plenty Polytechnic students have gained EXTRA FUNDS to help with all sorts of needs that arise whilst studying.

- This booklet contains information on funding that could be relevant to BOP Polytechnic students for full-time programmes. Some scholarships are offered by BOP Polytechnic while others are offered by community organisations or businesses or national government bodies.
- To request an application form for the following scholarships, contact the organisation specified in the contact details section either by post, email or phone.
