

TECT – Electrical & Electronic Engineering Scholarships 2011

Purpose

To support local industry by providing an incentive for local students to enter the fields of study in Electrical or Electronic Engineering.

Value

Each scholarship is valued at \$2,000. Scholarship funds are applied towards programme fees. Up to THREE scholarships in the National Certificate in Electrical Engineering Level 3 programme; and up to THREE scholarships in the Certificate in Electronic Engineering Level 3 programme will be available.

Eligibility

These scholarships are open to New Zealand citizens/permanent residents residing in the Bay of Plenty and intending to enroll in the following programmes:

- National Certificate Electrical Engineering Level 3, or the
- Certificate in Electronic Engineering Level 3.
- Applicants must have achieved the National Certificate in Electrical Engineering Level 2.

Selection Criteria

Applicants must provide evidence against the following criteria:

- Safety: Experience with electrical and/or electronic equipment, demonstrating safe working behaviour
- Teamwork & Community Involvement: Applicant works with other students in ways which assist them to achieve understanding of Electrical/Electronic concepts; and/or applicants are involved in community based activities.

Closing date

The final date for applications will be 30 May.

Application Form

Applying for a scholarship can be compared to applying for a job. Your application must address the selection criteria and stand out from the other applications. Your task is to convince the selection panel that you are a worthy recipient for a scholarship. Easy really – have a go!

- You must complete ALL questions on the application form.
- Write neatly and don't miss any vital information in your application.
- Provide supporting evidence to statements made in the application form, eg references, academic transcripts
- Incomplete applications may not be considered.
- Need more help? If you have any questions about the application, please contact one of your tutors.

APPLICANT'S DETAILS

First Names: _____

Family Name: _____

Contact Address: _____

Phone: Day: _____

Night: _____

Email: _____

Student ID: _____

Write a brief statement introducing yourself:

Which scholarship are you applying for? National Certificate Electrical Engineering Level 3
 Certificate Electronic Engineering Level 3

Work Experience

Dates	Employer	Position	Duties

Checklist for Scholarship Application

- It is expected that scholarship recipients will successfully complete their programme in the year they enrol
- Please do not place applications in a clear file. Applications need to be photocopied for the selection panel, so simply staple your documentation together and place in an envelope clearly marked.
- Scholarship recipients must be willing to allow Bay of Plenty Polytechnic and TECT to use their name, photograph and area of study for the purpose of testimonial, advertising, promotional or public relations purposes.
- Applications must be received by the Bay of Plenty Polytechnic on or before the due date

DECLARATION

I solemnly declare that this statement is full and true in all particulars to the best of my knowledge and belief. I attach a statement giving the information called for under the requirements printed above.

I understand and agree that in applying for this scholarship, if successful, my name, programme selection and photograph may be used for testimonial, advertising, promotional or public relations purposes by Bay of Plenty Polytechnic or the scholarships' sponsors.

I acknowledge that the selection panel may not consider my application if false information has been supplied or it is not complete, or my application has not been received by the due date.

Signature of applicant

Date

Applications should be forwarded to:
